

Renee McQueen

Senior Director Social Service Programs
PACE Center for Girls

Renee McQueen, Ed.D. joined PACE Center for Girls, Inc. in October 2006. She has served in the role of Executive Director and currently serves as the organization's Senior Director of Social Services Programs overseeing all social services program components. Dr. McQueen ensures PACE Social Services Programs drive toward the outcome of girls' recovery from traumatic experiences and their development of coping, self-advocacy, and life skills that support them in being successful. She is also an Adjunct Professor in the Master Level Counseling Program at Webster University. She has over 20 years of experience in the social service field working with at and high-risk children and adults, including substance abusing and HIV/AIDS populations.

Dr. McQueen holds a Bachelor of Science degree in Criminology, a Master of Science degree in Counseling & Psychology, and a Doctorate of Education degree in Counseling Psychology. She is registered with the State of Florida as a Licensed Mental Health Counselor and a Qualified Supervisor for Registered Mental Health Counselor Interns. She is also a Certified Addictions Professional and Certified Mental Health Professional.

Dr. McQueen's personal philosophy is grounded in the belief that one leads best when in service to those who are working purposefully with a vision of future goals.
