Transitioning Youth Subcommittee

Drafting recommendations to improve supports for youth as they transition out of secure juvenile facilities and/or juvenile supervision

Defining Transitioning Youth

- 16 – 24 years old
- Transitioning out of secure facilities or whose commitment to state juvenile justice agency is ending
- Focus is on older youth transitioning into adulthood

Core Beliefs

- Youth transitioning out of the jj system should have similar supports as those transitioning out of the child welfare system (esp. since many of them have also been or could have been in the child welfare system).
- Older youth should have similar supports as those provided to adults leaving jail/prison.

Draft Recommendations

Recommendation #1: Supports and benefits for transitioning youth should mirror those provided to youth transitioning out of foster care. These include:

- Health insurance
- Partial tuition/reimbursement for higher education, including college and vocational training programs, so long as you enroll by age 21
- Living allowance
- Clothing stipend/voucher
- Car insurance
- Car mechanic services/reimbursement (one time discretionary)
- Enrollment in public benefits
- Provision of birth certificate and other basic records
- Special education? (needs more research)

Draft Recommendations

Recommendation #2: The juvenile justice agency should ensure that each transitioning youth is offered opportunities to learn life skills. Life skills trainings should include topics such as the following:

- Banking, such as how to obtain a checking account
- Budgeting
- Cooking
- Grocery shopping
- Scheduling and Time management

Draft Recommendations

Recommendation #3: States should ensure that each transitioning youth is afforded access to an advocate who can assure that the transitional supports/benefits available to the youth are indeed delivered.

Draft Recommendations

Recommendation #4: Still needs to be written. Will address the need for interagency collaboration and funding (E.g., Departments of education, health care, disabilities, housing, labor).
